

DC Black Deep Cycle Wet

Battery series

Reliable Power, Proven Technology

Highlights

- Premium technology
- Manufactured in the USA
- Available in 6V, 8V and 12V options
- Designed for repeated deep-discharge and recharge cycles
- High-capacity energy storage with stable voltage output
- Built for demanding environments and intensive use
- Class 8 - compliant for safe transport and handling

Built for Performance

DC Black batteries are engineered to deliver greater overall capacity and long battery life.

Manufacturing Expertise

With 100 years of manufacturing knowledge, this range is ideal for powering everyday operations.

Cost-Efficient Quality

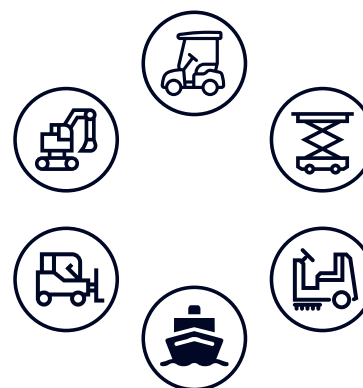

Deep-cycle wet batteries are a preferred choice due to their balance of performance and cost-efficiency.

DC Black Deep Cycle Wet

Battery series

VERSATILE & RELIABLE APPLICATIONS

- Golf carts and electric vehicles
- Aerial work platforms and access equipment
- Floor-cleaning machines
- Marine and leisure applications
- Material handling equipment
- Utility and industrial equipment

RANGE

Item	Voltage (V)	Cap. C20 (Ah)	Cap. C5 (Ah)	Dimensions (mm)	Weight (kg)	Terminal
DC-GC2	6	232	181	260x181x286	28	UTL
DC-305	6	290	245	308x174x365	38.7	DUAL
DC-L16	6	360	270	308x174x418	45.5	DUAL
DC-GC8	8	170	133	260x181x286	28	UTL
DC-GC12	12	155	122	355x179x289	39	UTL

THE PERFECT COMBINATION WITH DC BLACK BATTERIES

For optimal operation and lifespan we recommend using our CCP chargers with optimized algorithms for *DC Black* batteries.

Various battery filling systems are also available.

Available in:
12V · 24V · 36V · 48V
