

## M-Line AGM battery series

## A well-balanced AGM battery offering durability, safety, and lifespan at a competitive price

- Most wanted types or focused selection
- 100% maintenance-free for worry -free use
- Maximum safety: non-spillable and gas-free
- Reliable power, even in extreme temperatures
- High discharge performance for demanding applications
- Competitive pricing through high volume

### Maintenance-Free

Sealed design prevents electrolyte loss and eliminates the need for maintenance.

### The Perfect Range

A focused selection of the most popular AGM batteries for all cyclic applications.

### Fast & Efficient Charging

Low internal resistance enables faster and more efficient recharging.

## M-Line AGM battery series

### APPLICATIONS

- Electric Vehicle & Golf Cart
- Industrial Equipment
- Mobility Scooters
- Electric Wheelchair
- Stairlift
- Cleaning
- Marine
- Traffic/Solar Systems

### THE PERFECT COMBINATION:

For optimal operation and lifespan we recommend using our lead acid chargers with optimized algorithms for *M-Line* batteries.

Available in:  
12V · 24V

### RANGE

| Item    | Chemistry | Voltage (V) | Capacity C5 (Ah) | Capacity 20 (Ah) | Dimensions (L x W x H in mm) | Weight (kg) | Terminal     |
|---------|-----------|-------------|------------------|------------------|------------------------------|-------------|--------------|
| M12-12  | AGM       | 12          | 10,5             | 12               | 151 x 98 x 95                | 3,9         | F1           |
| M18-12  | AGM       | 12          | 16               | 18               | 181 x 77 x 167               | 5,9         | Flat Pole M5 |
| M33-12  | AGM       | 12          | 27,5             | 33               | 196 x 130 x 169              | 10,9        | M5 Insert    |
| M50-12  | AGM       | 12          | 39               | 50               | 198 x 166 x 170              | 14,5        | M6 Insert    |
| M75-12  | AGM       | 12          | 65               | 75               | 258 x 166 x 215              | 24          | M6 Insert    |
| M100-12 | AGM       | 12          | 85               | 100              | 330 x 171 x 220              | 32          | M8 Insert    |
